COVER LETTER

Greetings,

A creative professional with 17+ years of video production experience and 2 college degrees, I'm well-versed in all aspects of video production, from concept development through final delivery.

Video Editing / Mograph Design and Videography are my specialties, along with experience in Directing and Project Management.

Working around the country and overseas, I've created video content for live TV, reality TV, lifestyle TV, commercial, music video, live event, concert, festival, documentary, fashion show, kiosk, short film, web, virtual reality, augmented reality and corporate video.

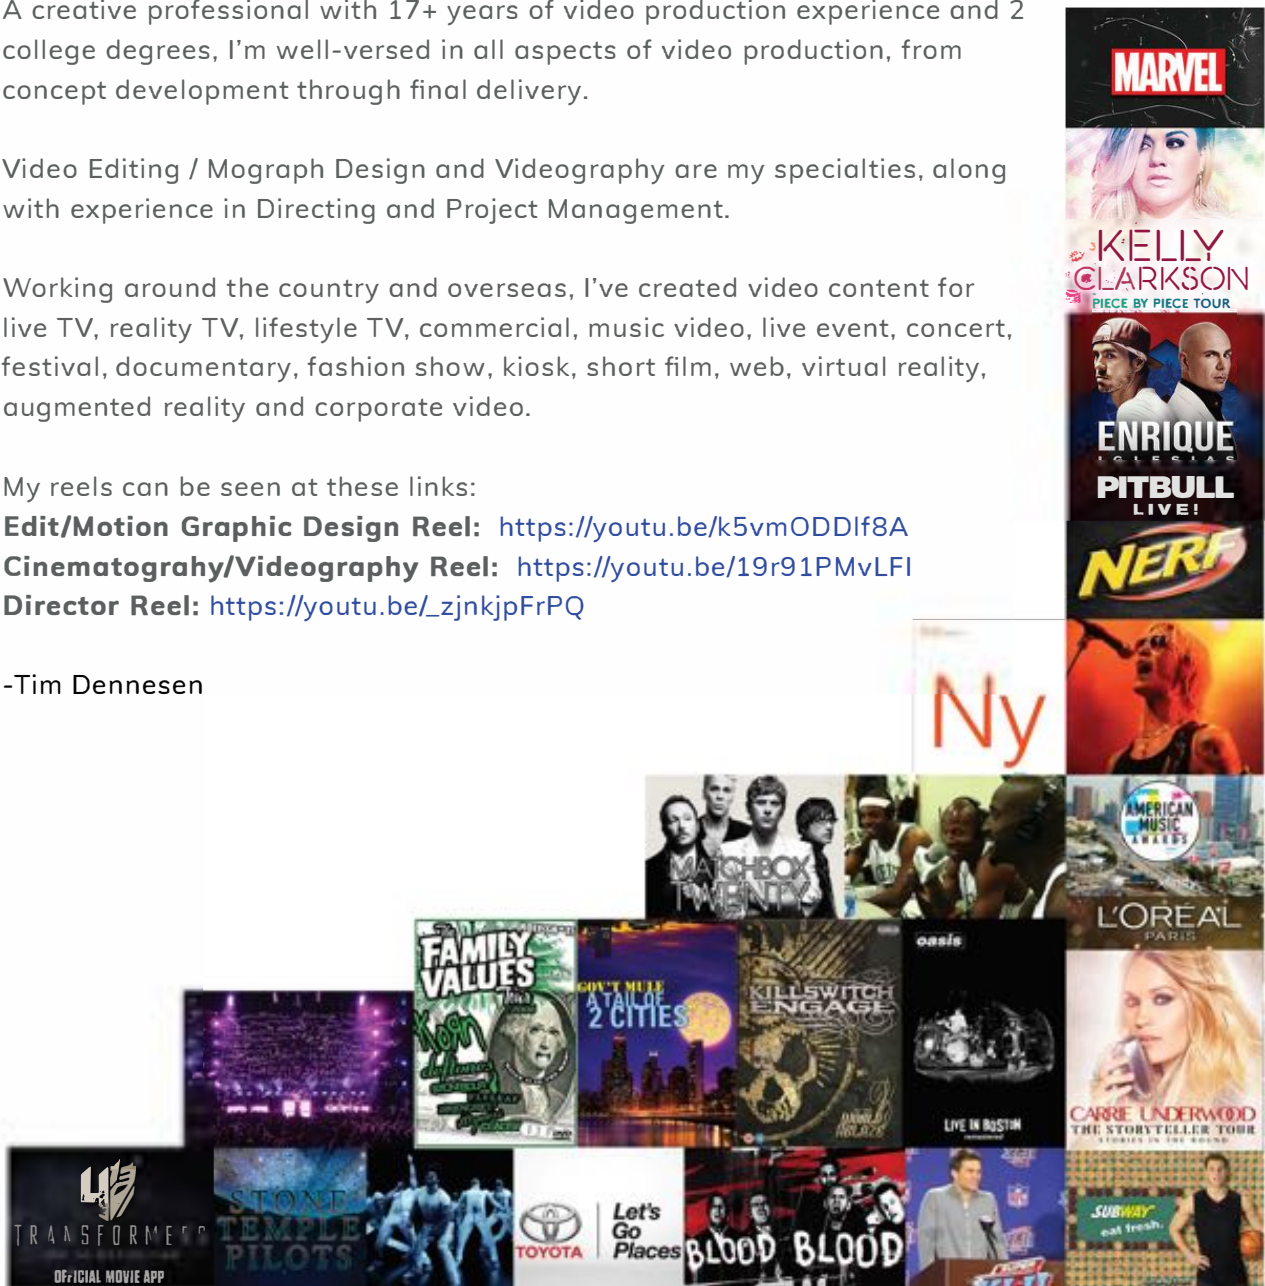

My reels can be seen at these links:
